Metric Description
CQIMApgar
No of births with outcome 01 Livebirth, 02 Antepartum Stillbirth, 03 Intrapartum Stillbirth or 04 Stillbirth (tim
No of babies with gestation between 22 and 45 weeks
No of babies with gestation between 37 and 45 weeks
No of babies with an apgar score between 0 and 10 and a gestational age between 27 and 45 weeks

CQIMBreastfeeding
No of babies whose first feed was recorded (01 breast milk, 02, donor breast milk. 03 not breast milk)
No of births (babies)

CQIMPPH
No of births with outcome 01 Livebirth, 02 Antepartum Stillbirth, 03 Intrapartum Stillbirth or 04 Stillbirth (tim
No of Mothers with PPH >500ml
No of Mothers with PPH >1500ml

CQIMPreterm
No of births (babies)
No of babies with a gestational age between 22 and 45 weeks
No of babies with gestational age between 37 and 45 weeks

CQIMTears
No of births with outcome 01 Livebirth, 02 Antepartum Stillbirth, 03 Intrapartum Stillbirth or 04 Stillbirth (tim
No of babies with gestation between 22 and 45 weeks
No of babies with gestation between 37 and 45 weeks
No of vaginal births (0 Spontaneous vertex, 1 Spontaneous cephalic, 2 low forceps not breech, 3 Other forceps no
No of 3rd and 4th degree tears

CQIMVBAC
No of births with outcome 01 Livebirth, 02 Antepartum Stillbirth, 03 Intrapartum Stillbirth or 04 Stillbirth (tim
No of babies with gestational age between 22 and 45 weeks
No of babies with gestational age between 37 and 45 weeks
No of vaginal births (0 Spontaneous vertex, 1 Spontaneous cephalic, 2 low forceps not breech, 3 Other forceps no
No of babies with a valid delivery method recorded
No of mothers with a valid previous live or still birth recorded
No of mothers with a valid previous live or still birth recorded had 0 previous births in the last 3 months

CQIMRobson01/02/05
No of births (babies)
No of babies with a gestational age between 20 and 45 weeks
No of babies with gestation between 37 and 45 weeks
No of babies with a valid delivery method recorded
No of vaginal births
No of mothers with a valid previous live or still birth within the last three months and Previous CS between 0 and 2
No of mothers with a valid previous live or still birth who had zero previous births in the last 3 months
No of babies born with a valid fetus presentation
No of birth with a valid labour onset method recorded

CQIMSmokingBooking

No of mothers booked
No of mothers smoking status known at booking
No of mothers booked who are current smokers

CQIMSmokingDelivery
No of Mothers smoking status known at delivery
No of Mothers smoking at delivery

No of booked women with ethnicity recorded
--

MCoC
No of mothers with an antenatal plan in place (number taken from BN MSDS DQ Check)
No of mothers placed on a continuity of carer pathway
